Letter to Our Shareholders

March 28, 2019

Dear Shareholder:

We are pleased to invite you to the upcoming annual meeting of the shareholders of Gibson Energy Inc. to be held at 11:00 a.m. (Mountain Daylight Time) on May 7, 2019 at The Metropolitan Conference Centre, 333 – 4th Avenue S.W., Calgary, Alberta (the "**Meeting**"). We look forward to sharing details on our 2018 performance and corporate strategy for 2019 and beyond with you. On January 30, 2018 we announced our new corporate strategy to accelerate the transition of Gibson to an oil infrastructure focused growth company. In 2018 we delivered on that strategy while providing strong financial and operating results for our shareholders.

The enclosed Management Information Circular describes in detail the formal business to be conducted at the Meeting, including the receipt of our audited consolidated financial statements for the year ended December 31, 2018 and the associated auditor's report thereon, the appointment of our auditors, the election of directors to our board of directors, the approval of all unallocated awards under our equity plan and an advisory resolution on our approach to executive compensation. This year you will be electing eight directors to the board of directors. All of them are well qualified and have agreed to stand for election for the ensuing one-year term. We encourage you to read more about the nominated directors beginning on page 6 of the enclosed Management Information Circular.

The enclosed Management Information Circular also includes important information for you regarding voting at the Meeting, what will be covered at the Meeting, the nominated directors and our board of directors' practices, our compensation objectives and programs and our dedication to the highest corporate governance standards. The board of directors believes that shareholders should be given the opportunity to fully understand our compensation objectives, philosophy and principles so it has adopted an annual non-binding advisory vote on our approach to executive compensation. We encourage you to read the enclosed Management Information Circular including the Compensation Discussion and Analysis beginning on page 30 and take the time to vote your shares. We encourage any shareholder who has comments on our approach to executive compensation to provide these comments to Mark Chyc-Cies, Vice President, Investor Relations, via email at Mark.Chyc-Cies@gibsonenergy.com or via telephone at 403-776-3146 or toll-free at 1-855-776-3077.

Following the Meeting, there will be a presentation by management highlighting our accomplishments in 2018 and outlining our corporate strategy for 2019 and beyond. The presentation will include a question and answer session and will be followed by refreshments. This is your opportunity to meet our board of directors, senior management and your fellow shareholders.

Your vote and attendance at the Meeting are very important to us. If you are unable to attend in person, we ask you to vote your shares by proxy, or any of the means available to you, as described in the enclosed Management Information Circular. In addition, we will have a live audio webcast of the Meeting on our website (www.gibsonenergy.com) and encourage you to listen in.

Should you wish to access any of our other annual public disclosure documents, including our 2018 annual financial statements and related management discussion and analysis, please visit our website (www.gibsonenergy.com) or SEDAR (www.sedar.com).

We look forward to seeing you on May 7, 2019.

Sincerely,

SOLICITATION OF PROXIES

Solicitation of Proxies by Management

As a shareholder, we cordially invite you to be present at the Meeting. To ensure that you will be represented at the Meeting, in the event you are a registered shareholder and unable to attend personally, you are requested to date, complete and sign the accompanying instrument of proxy enclosed herewith (the "**Instrument of Proxy**") and return the same to Computershare Trust Company of Canada ("**Computershare**"), by mail at 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1. If you are a registered shareholder, you may also vote by telephone or internet as set forth below. If you are an unregistered shareholder and receive these materials through your broker or another intermediary, please complete and return the Instrument of Proxy in accordance with the instructions provided therein or vote by telephone or internet as set forth below. Solicitation of proxies will be primarily by mail, but may also be by personal interview, telephone or other oral or written means of communication by our directors, officers and employees at no additional compensation to them. The cost of the solicitation of proxies will be borne by us.

Appointment of Proxyholders

Each of the persons named in the accompanying Instrument of Proxy are one of our directors and/or officers. **You have the right to appoint a person or company to represent you at the Meeting (who need not also be a shareholder) other than the person or persons designated in the Instrument of Proxy we have provided.** To exercise this right, you must either insert the name of the desired representative in the blank space provided in the accompanying Instrument of Proxy or submit an alternative form of proxy (either of which is a "Proxy").

In order to be valid, your Proxy must be received not less than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays) before the time fixed for holding the Meeting or any adjournment or postponement thereof.

If you are a registered shareholder, you may vote by proxy in one of the following ways:

- (i) by mailing or delivering the signed Proxy to Computershare at 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1;
- (ii) by using the internet at www.investorvote.com; or
- (iii) for shareholders in Canada and the United States, by calling the following toll free number from a touch tone telephone: 1-866-732-VOTE (8683).

If you are a Beneficial Shareholder (as defined below), you may vote by proxy in one of the following ways:

- (i) for shareholders in Canada, by mailing or delivering a signed voting instruction form to Broadridge at Data Processing Centre, P.O. Box 2800 STN LCD Malton, Mississauga, Ontario, L5T 2T8;
- (ii) for shareholders in the U.S., by mailing or delivering a signed voting instruction form to Broadridge at Proxy Services, PO Box 9104, Farmingdale, New York, United States, 11735-9533;
- (iii) by using the internet at www.proxyvote.com;
- (iv) for shareholders in Canada, by calling the following toll free number from a touch tone telephone: 1-800-474-7493; or
- (v) for shareholders in the U.S., by calling the following toll free number from a touch tone telephone: 1-800-454-8683.

Signing Instruments of Proxy

A Proxy must be in writing and must be executed by you or your duly appointed attorney authorized in writing or, if you are a corporation, by a duly authorized officer or attorney of such corporation. A Proxy signed by a person acting as attorney or in some other representative capacity should expressly reflect that person's capacity (following his or her signature) and should be accompanied by the appropriate instrument evidencing qualification and authority to act (unless you have previously filed such instrument with Computershare or us).

Revocation of Proxies

If you have submitted a Proxy for use at the Meeting or any adjournment or postponement thereof, you may revoke it at any time up to and including the last business day preceding the day of the Meeting or any adjournment or postponement thereof. As well as revoking in any other way permitted by law:

- (i) you or your attorney authorized in writing, may revoke the Proxy by signing a written Proxy cancellation, or

- (ii) if you are a corporation, you may revoke the Proxy by a written Proxy cancellation signed under corporate seal or by an authorized officer or attorney of such corporation.

The Proxy cancellation document must be received by our Corporate Secretary, c/o Computershare, at 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1:

- (i) no later than 11:00 a.m. (Mountain Daylight Time) on May 3, 2019, or
- (ii) if the Meeting is adjourned or postponed, up to and including the last business day preceding the date set for the adjourned or postponed Meeting, or

alternatively, given to the meeting chair on the day of the Meeting prior to the commencement of the Meeting or on the day of any adjourned or postponed Meeting prior to the commencement of the Meeting. The Proxy is revoked when the Proxy cancellation notice is delivered in one of these ways. If you voted by telephone or internet, your Proxy will be revoked as soon as you submit new voting instructions.

Voting of Proxies and Exercise of Discretion by Proxyholders

All shares represented at the Meeting by properly executed Proxies will be voted, or withheld from voting, on any ballot that may be called for and, where a choice with respect to any matter to be acted upon has been specified in the Instrument of Proxy, the shares represented by the Proxy will be voted in accordance with your instructions. On any ballot that may be called for at the Meeting, our management nominees named in the accompanying Instrument of Proxy will vote or withhold from voting the shares in respect of which they are appointed proxy according to your directions. If you specify a choice regarding any matter to be acted upon at the Meeting, your shares will be voted accordingly. **In the absence of your direction, the shares will be voted: (i) for the election of our director nominees; (ii) for the appointment of PricewaterhouseCoopers LLP as our auditors at such remuneration as our directors may determine; (iii) for the advisory resolution to accept our approach to executive compensation disclosed in this Circular; and (iv) for the approval of all unallocated awards under the Equity Incentive Plan (as defined below).**

The accompanying Instrument of Proxy confers discretionary authority on the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly be brought before the Meeting unless otherwise indicated on such accompanying Instrument of Proxy.

As of this date, we are not aware of any amendments, variations or other matters to come before the Meeting, other than those matters referred to in the Notice of Meeting.

Advice to Beneficial Shareholders

The information set forth in this section is of significant importance if you do not hold your shares in your own name. If you do not hold your shares in your own name (a "**Beneficial Shareholder**"), you should note that only proxies deposited by those whose names appear on our records as the registered holders of shares can be recognized and acted upon at the Meeting. If shares are listed in an account statement provided to you by your broker, then, in almost all cases, those shares will not be registered in your name on our records. Such shares will more likely be registered under the name of your broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) or withheld from voting upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents and nominees are prohibited from voting shares for you. **Therefore, if you are a Beneficial Shareholder you should ensure that instructions respecting the voting of your shares are communicated to the appropriate person or that your shares are duly registered in your name such that you become a registered holder and can vote as such.**

If you are a Beneficial Shareholder, applicable Canadian regulatory policy requires brokers and other intermediaries to seek voting instructions from you in advance of shareholders' meetings. Each broker or other intermediary has its own mailing procedures and will provide you with its own return instructions, which you should carefully follow in order to ensure that your shares are voted at the Meeting. In some cases, the form of proxy supplied to you by your broker (or the agent of the broker) is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on your behalf. In Canada, the majority of brokers now delegate responsibility for obtaining instructions from you to Broadridge Financial Solutions, Inc. ("**Broadridge**"). In most cases, Broadridge mails a scanable voting instruction form (a "**VIF**") in lieu of the form of proxy provided by us, and asks you to return the VIF to Broadridge. Alternatively, as set forth above, you can either call the toll-free telephone number to vote your shares, or access Broadridge's dedicated voting web site at www.proxyvote.com to deliver your voting instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **If you receive a VIF from Broadridge, you cannot use that form to vote your shares directly at the Meeting. You must return the VIF to Broadridge or, alternatively, you must provide instructions to Broadridge in order to have such shares voted.**

Although you may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of your broker (or an agent of the broker), you may attend at the Meeting as proxyholder for the registered shareholder and vote the shares in that capacity. If you wish to attend the Meeting and indirectly vote your shares as proxyholder for the registered shareholder, you should enter your own name in the blank space on the Instrument of Proxy provided to you and return the same to your broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

There are two types of Beneficial Shareholders:

- (i) those who object to their name being made known to the issuers of the securities that they own, and
- (ii) those who do not object to their name being made known to the issuers of the securities that they own (the "**NOBOs**").

Under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"), issuers may request and obtain a list of their NOBOs from intermediaries through their transfer agent, namely Computershare in this case. We may use this NOBO list for the distribution of proxy-related materials directly (not through Broadridge) to NOBOs.

We have decided not to take advantage of the provisions of NI 54-101 that permit us to directly deliver proxy-related materials to our NOBOs. As a result, NOBOs can expect to receive a scanable VIF from Broadridge. These VIFs are to be completed and returned to Broadridge in the envelope provided for that purpose. In addition, Broadridge provides for both telephone voting and internet voting as described in the VIF, which contains complete instructions. Broadridge will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions to Computershare prior to the Meeting with respect to the shares represented by the VIFs it receives.

Notice-and-Access

We have elected to use the "notice-and-access" provisions under NI 54-101 (the "**Notice-and-Access Provisions**") for the Meeting for those of you who do not hold your shares in your own name. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that we must physically mail to you by allowing us to post our Circular in respect of our Meeting and related materials online.

We have also elected to use procedures known as 'stratification' in relation to our use of the Notice-and-Access Provisions. Stratification occurs when we, while using the Notice-and-Access Provisions, provide a paper copy of our Notice of Meeting and Circular and a paper copy of our financial statements and related management's discussion

and analysis to some of our shareholders. In relation to the Meeting, if you are a registered shareholder, you will receive a paper copy of each of the Notice of Meeting, this Circular, our financial statements and related management's discussion and analysis and an Instrument of Proxy, whereas if you are a Beneficial Shareholder, you will receive only a notice-and-access notification and a VIF. Furthermore, a paper copy of our financial statements and related management's discussion and analysis in respect of our most recent financial year will be mailed to you if you hold your shares in your own name and have previously requested to receive paper copies of our financial information.

Starting March 28, 2019, if you are a Beneficial Shareholder you may request a paper copy of this Circular for up to one year, at no charge. Requests for meeting materials may be made by contacting Mark Chyc-Cies, Vice President, Investor Relations, via email at Mark.Chyc-Cies@gibsonenergy.com or via telephone at 403-776-3146 or toll-free at 1-855-776-3077. In order to allow reasonable time to receive and review the Circular in advance of the Meeting, requests should be received at least 5 business days in advance of the proxy deposit date and time set out in the accompanying Proxy or VIF.

Record Date

If you were a holder of shares at the close of business on the Record Date, you are entitled to receive notice of and to vote at the Meeting. In addition, if you acquire shares from a shareholder of record after the Record Date, you may vote such shares at the Meeting if you: (a) produce properly endorsed certificates evidencing such shares or otherwise establishing that you own them; and (b) request, not later than ten (10) days before the Meeting, that your name be included on the list of shareholders entitled to vote at the Meeting. If you are a Beneficial Holder of shares as of the Record Date, you will be entitled to vote at the Meeting in accordance with the procedures established pursuant to NI 54-101.

Note:

- (1) Securities held are provided as of the date hereof. The information as to the shares beneficially owned, not being within our knowledge, has been furnished by the respective directors individually. "Option", "RSU", "PSU" and "DSU" are defined herein – please see "Compensation Discussion and Analysis – Long Term Equity Incentives – Equity Incentive Plan". Award total includes the dividend equivalent rights, if any, associated with such RSUs, DSUs and PSUs. Please see "Compensation Discussion and Analysis – Long Term Equity Incentives – Dividend Equivalent Rights".

Independence and Interlocking Relationships

All of our director nominees, other than Mr. Spaulding, are independent (if all of our nominees are elected 87.5% of the Board will be independent). Mr. Spaulding is our President and Chief Executive Officer ("CEO") and therefore is not independent. We assess independence on the basis of applicable Canadian securities laws. For more information, please see "Statement of Corporate Governance Practices – Independence of the Board".

None of the nominees serve together as directors or trustees of any other public entity. Therefore, there are no public company interlocking directorships.

Majority Voting Policy

We have a majority voting policy that requires any director nominee that receives more *withhold* votes than *for* votes to offer to resign immediately after the Meeting. Upon receipt of the offer of resignation, the Corporate Governance, Compensation and Nomination Committee (the "CGCN Committee") will review the matter and then make a recommendation to the Board. The Board will then decide whether to accept or reject the offer of resignation. The Board will accept the resignation absent exceptional circumstances, and the resignation will be effective when accepted by the Board. Until the decision is made, the director nominee in question will not participate in any discussions by the Board or the CGCN Committee. The Board will make a decision and disclose its reasoning to the public within 90 days of the Meeting. Should the Board determine to accept the resignation, it may choose to appoint a new director to fill the vacancy until the next annual general meeting of shareholders.

The majority voting policy only applies to uncontested elections in which the number of nominees for election is equal to the number of directors to be elected. Shareholders should note that, as a result of the majority voting policy, a withhold vote is effectively the same as a vote against the director nominee.

Additional Information about the Director Nominees

Bankruptcies and Cease Trade Orders

To our knowledge, and based upon information provided to us by the nominees for election as directors, no such nominee has, within the last 10 years, (i) become bankrupt, made a proposal under legislation relating to bankruptcy or insolvency or become subject to any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of such nominee, or (ii) been a director or executive officer of any company or other entity that, while the nominee was acting in that capacity (or within a year of ceasing to act in that capacity), became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or became subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold the assets of such company or other entity. Further, to our knowledge, and based upon information provided to us by the nominees for election as directors, no such nominee has, within the last 10 years, been a director, chief executive officer or chief financial officer of a company that, during the time the nominee was acting in such capacity, or as a result of events that occurred while the nominee was acting in such capacity, was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities laws that was in effect for a period of more than 30 consecutive days.

Penalties and Sanctions

To our knowledge, no proposed nominee for election as a director (nor any personal holding company of any of such persons) has been subject to: (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable shareholder in deciding whether to vote for such proposed nominee.

Appointment of Auditors

Shareholders will be asked at the Meeting to pass a resolution appointing PricewaterhouseCoopers LLP as our auditors, to serve as our auditors until the next annual meeting of shareholders, at a remuneration to be determined by the Board. **Unless directed otherwise, the management nominees named in the accompanying Instrument of Proxy intend to vote FOR the appointment of PricewaterhouseCoopers LLP to serve as our auditors until the next annual meeting of shareholders, at a remuneration to be determined by the Board.**

PricewaterhouseCoopers LLP is independent within the meaning of the Rules of Professional Conduct of the Chartered Professional Accountants of Alberta and has served as our auditors since September 2001. The independence of our auditor is essential to maintaining the integrity of our financial statements and the Audit Committee is responsible for overseeing our external auditor and evaluating their qualifications and independence. The following table sets out the fees of PricewaterhouseCoopers LLP in 2018 and 2017:

	2018	2017
Audit Fees	\$1,026,000	\$1,036,000
Audit Related Fees	-	\$326,000
Tax Fees	\$56,000	\$27,000
Other Fees	\$2,000	\$2,000
Total	\$1,084,000	\$1,391,000

A description of the services provided under each category is as follows:

- **Audit Fees:** Fees for the audit of our consolidated financial statements, review of our quarterly reports, special audit engagements and assistance with the certification for internal controls over financial reporting.
- **Audit Related Fees:** Fees for services that are related to the review of prospectus filing and French translation services.
- **Tax Fees:** Fees for assistance in the preparation of income tax returns and advice on certain tax-related matters.
- **Other Fees:** Fees for professional services related to an annual subscription to accounting research software.

Pursuant to the charter of the Audit Committee (the "**Audit Committee Charter**"), the Audit Committee approves all audit plans and pre-approves significant non-audit engagements of the external auditors, including reviewing the fees paid for such engagements. The Audit Committee has delegated the responsibility for approving certain non-audit services to the Chair of the Audit Committee. Since the establishment of the Audit Committee, all audit and non-audit services provided to us for the year ended December 31, 2018 that required a pre-approval were pre-approved in accordance with the Audit Committee Charter.

Advisory Vote on Executive Compensation

The Board believes that clear and effective communication is an important component to executive compensation. As part of our ongoing commitment to strong corporate governance practices, on March 1, 2016, the Board adopted a "Say on Pay" policy that gives shareholders an annual non-binding advisory vote on executive compensation. At our 2018 meeting of shareholders, we received 96.11% shareholder support for our executive compensation. We encourage you to carefully review the Compensation Discussion and Analysis section of this Circular as it describes our objectives, philosophy and principles of executive compensation. It explains how our executive compensation is aligned with the long-term interests of our shareholders. We encourage any shareholder who has comments on our approach to executive compensation to provide these comments to Mark Chyc-Cies, Vice President, Investor Relations, via email at Mark.Chyc-Cies@gibsonenergy.com or via telephone at 403-776-3146 or toll-free at 1-855-776-3077.

Text of the Advisory Vote on Compensation

The "Say on Pay" policy was approved by the Board on March 1, 2016. **Unless directed otherwise, the management nominees named in the accompanying Instrument of Proxy intend to vote FOR the following advisory resolution:**

"BE IT RESOLVED, on an advisory basis and not to diminish the role and responsibilities of the Board, that the shareholders accept the approach to executive compensation disclosed in the Management Information Circular delivered in advance of the 2019 Annual Meeting of Shareholders."

As this is an advisory vote, the results will not be binding upon the Board. However, in considering its approach to executive compensation in the future, the Board will take into account the results of the vote and ensure its approach remains aligned with our strategic objectives, best practices and the interests of the shareholders. We will disclose the results of the shareholder advisory vote as part of its report on voting results for the Meeting. The Board will consider the outcome of this vote as part of its ongoing review of executive compensation.

Approval of the Unallocated Awards under the Equity Incentive Plan

At the Meeting, shareholders will be asked to vote on an ordinary resolution (the "**Equity Plan Resolution**") approving all unallocated awards under the Equity Incentive Plan. Under the Equity Incentive Plan, our officers, employees, non-employee directors and other individuals making sustained contributions are eligible to participate and receive long-term incentive awards. The purpose of the Equity Incentive Plan is to encourage selected employees, officers, consultants and directors of Gibsons to acquire a proprietary interest in our growth and performance, creating alignment with our shareholders. We have no other long-term equity incentive plans. Management is of the view that the Equity Incentive Plan contributes to our overall success and ability to retain key employees.

Equity Plan Amendments During 2018 and 2019

On March 25, 2019, upon the recommendation of the CGCN Committee, the Board approved certain amendments to, and the restatement of, the Equity Incentive Plan to:

1. reduce the maximum number common shares available for issuance pursuant to the Equity Incentive Plan and all other security-based compensation arrangements, from 10% to 6% of Gibson's issued and outstanding common shares from time to time;
2. reduce the maximum number of common shares available for issuance pursuant to full value awards granted pursuant to the Equity Incentive Plan and all other security-based compensation arrangements, from 10% to 3% of Gibson's issued and outstanding common shares from time to time;
3. create a mandatory double trigger upon the occurrence of a change of control (for more information please see the heading "Equity Incentive Plan");
4. remove language related to certain awards that were granted upon our initial public offering ("**IPO**") in 2011 as all such awards have expired; and
5. make certain housekeeping amendments to the Equity Incentive Plan in connection with the foregoing.

In addition, on December 4, 2018, the Board approved an amendment to the Equity Incentive Plan to provide for the ability for participants to defer all or a portion of cash compensation received as an annual bonus into DSUs. (collectively, with the amendments to the Equity Incentive Plan made on March 25, 2019, as described above, the "**Equity Plan Amendments**").

Each of the Equity Plan Amendments were made without and do not require shareholder approval pursuant to the amending provision in the Equity Incentive Plan and rules of the TSX.

Pursuant to the Equity Plan Amendments and in alignment with our commitment to best corporate governance practices, we have decreased the maximum number of common shares issuable pursuant to the Equity Incentive Plan and all other security-based compensation arrangements. Pursuant to the Equity Plan Amendments, the Equity Incentive Plan is an omnibus "rolling plan", which provides that the maximum number of common shares issuable pursuant to the Equity Incentive Plan, and all other security-based compensation arrangements, may not exceed 6% of Gibson's issued and outstanding common shares from time to time (10% prior to the Equity Plan Amendments). In addition to the 6% cap on the maximum number of common shares issuable, the Equity Plan Amendments also provide for a 3% cap on the maximum number of common shares issuable pursuant to full value awards such as RSUs, PSUs and DSUs. Prior to the Equity Plan Amendments, the maximum number of common shares issuable pursuant to such full value awards was not subject to a cap. The Board unanimously determined that the Equity Plan Amendments were in our best interest, and in turn, the best interest of our shareholders.

The Equity Incentive Plan, as so amended and restated to reflect the Equity Plan Amendments is available under our profile on SEDAR at www.sedar.com and was filed on March 27, 2019.

Approval of the Unallocated Awards under the Equity Incentive Plan

The TSX's Company Manual (the "**Manual**") requires that all unallocated options, rights or other entitlements under a security based compensation arrangement which does not have a fixed maximum aggregate of securities issuable under such arrangement, such as the Equity Incentive Plan, must be approved by a majority of the Board and by shareholders every three years after institution. Shareholders most recently approved all unallocated awards under the Equity Incentive Plan at the annual and special meeting of shareholders held on May 4, 2016. In light of the Manual, on March 25, 2019, upon the recommendation of the CGCN Committee, the Board reapproved the Equity Incentive Plan as amended by the Equity Plan Amendments and all unallocated awards thereunder. Whether or not the Equity Plan Resolution is approved at the Meeting, all awards outstanding under the Equity Incentive Plan as at May 4, 2019 will remain in effect in accordance with their terms. If the Equity Plan Resolution is not approved at the Meeting, any unallocated awards as at May 4, 2019 under the Equity Incentive Plan will no longer be available for grant. In addition, any awards which subsequently are cancelled, expire or terminate will not be available for re-granting under the Equity Incentive Plan.

Text of the Equity Plan Resolution

On March 25, 2019, the Board approved all unallocated awards under the Equity Incentive Plan, subject to shareholder approval. To be effective, the Equity Plan Resolution must be passed by a majority of not less than one-half of the votes cast thereon by the shareholders represented in person or by proxy at the Meeting. **Unless directed otherwise, the management nominees named in the accompanying Instrument of Proxy intend to vote FOR the following Equity Plan Resolution:**

"BE IT RESOLVED that:

1. all unallocated awards (including common shares to be issued pursuant to the exercise of such awards) under the Equity Incentive Plan be and are hereby approved;
2. Gibsons shall have the ability to continue granting awards under the Equity Incentive Plan until May 7, 2022, which is the date that is three years from the date of the shareholders' meeting at which shareholder approval is being sought; and
3. the shareholders hereby authorize any one of the directors or officers to sign all such documents and to do all such acts and things, including without limitation, as such director or officer determines, in his or her discretion, to be necessary or advisable in order to properly implement and give effect to the foregoing."

Other Business

Our management knows of no amendment, variation or other matter to come before the Meeting other than the matters identified in the Notice of Meeting. However, if any other matter properly comes before the Meeting or any adjournment or postponement thereof, the shares subject to the Instrument of Proxy solicited hereunder will be voted on such matter in the discretion of and according to the best judgment of the proxyholder unless otherwise indicated on such Instrument of Proxy.

As President and CEO, Mr. Spaulding did not receive any director fees. In 2018, we undertook a review of our director compensation and upon such review, made the determination to increase director compensation in 2019. Such increase will ensure market competitiveness and to allow us to attract and retain talented and skilled directors.

in market value of shares granted to the director as compensation. Our Insider Trading Policy prohibits any and all forms of hedging. Two of our independent director nominees were not eligible to receive their 2018 retainer compensation in the form of DSUs but such director nominees will be eligible in 2019 and have made such an election. Share Ownership Policy (Directors)

The direct alignment of the directors' interests with the interests of the shareholders is of utmost importance to us. In order to ensure this alignment, the Board, upon the recommendation of the CGCN Committee, has adopted a share ownership policy ("**Share Ownership Policy**") for the directors to ensure that their interests are directly correlated with shareholders' interests. To comply with the Share Ownership Policy, each of our independent directors is expected to reach a minimum share ownership level equal to five times their Base Annual Retainer and any applicable board chair or committee chair retainer (excluding equity grants) within three years of becoming a director. Equity held by the directors on December 31, 2018 that contributed towards share ownership requirements included shares owned directly or indirectly by such director and unredeemed DSUs. As at March 28, 2019, 100% of the independent directors required by the Share Ownership Policy to be in compliance as of such date were in compliance.

The following table sets forth the share ownership levels for each independent director as of March 28, 2019.

Incentive Compensation Claw Back Policy

On March 1, 2016, the Board approved the adoption of an Incentive Compensation Clawback Policy ("**Clawback Policy**"). The Clawback Policy requires those at a Vice-President level or above ("**Senior Manager**") to immediately reimburse us for all or any portion of bonuses and equity based compensation ("**Incentive Compensation**") in the event of the following circumstances:

1. we are required to prepare a restatement of its financial statements due to material non-compliance with any financial reporting requirement under applicable securities laws (the "**Restatement**");
2. incentive Compensation is received by a current or former Senior Manager in respect of the years to which the Restatement applies;
3. the amount of the Incentive Compensation received by the Senior Manager was calculated based on the achievement of certain financial results that were subsequently affected by the Restatement; and
4. the Senior Manager engaged in intentional gross negligence or fraud which significantly contributed to the Restatement.

Where the above circumstances exist, the Board has the authority under the Clawback Policy to cancel, withhold or otherwise take appropriate action to recoup all or a portion of that Senior Manager's Incentive Compensation relating to the 12-month period following the first public issuance or filing with securities regulatory authorities, whichever first occurs, of the financial document embodying such erroneous financial reporting results (the "**Clawback Amount**"). In carrying out the recovery of the Clawback Amount, the Board shall be entitled to pursue all legal and other remedies at its disposal including, without limitation, initiating legal action and cancelling or withholding vested, unvested and future Incentive Compensation awards.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

General

We recognize that corporate governance is fundamental to the success of our business and instrumental in generating long term shareholder value. We, along with our Board and management are committed to the highest standards of corporate governance. The Board has recently reviewed its charter (the "**Board Charter**") and the charters of its committees and made any necessary changes to such charters, position descriptions and corporate governance principles and practices. The following is a description of our approach to corporate governance.

Our corporate governance policies reflect the rules and guidelines adopted by the Canadian Securities Administrators. Our approach to governance meets or exceeds the practices set forth under National Policy 58-201 – *Corporate Governance Guidelines* ("**NP 58-201**") and National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**").

The Board

Our articles of amalgamation provide that we can have between three and eleven directors. At the present time, we have eight directors, seven of whom will be standing for re-election at the Meeting. Ms. Jones, who was appointed to the Board on December 1, 2018, will be standing for election for the first time. The matter of composition and size of the Board is reviewed annually. If each of the nominees in this Circular is elected to the Board at the Meeting, we will have eight directors. The Board considers that the composition of the Board and specific skill set of the proposed directors is appropriate for our size and complexity and will facilitate effective decision-making.

The Board has responsibility for our overall stewardship and management in conducting our day to day business. The Board discharges this responsibility directly and indirectly through the delegation of specific responsibilities to committees of the Board, the Chair of the Board and our officers, all as more particularly described in the Board Charter, a copy of which is attached to this Circular as Schedule "A". The Board Charter provides that the primary responsibilities of the Board are to:

- maximize long term shareholder value;
- approve our strategic plan;

- ensure that processes, controls and systems are in place for the management of our business and affairs and to address applicable legal and regulatory compliance matters;
- maintain the composition of the Board in a way that provides an effective mix of skills and experience to provide for our overall stewardship;
- ensure that we meet our obligations on an ongoing basis and operate in a safe and reliable manner; and
- monitor management's performance to ensure that we meet our duties and responsibilities to our shareholders.

In accordance with the Board Charter, the Board has adopted written position descriptions for the CEO, Chair of the Board, the Chair of the Audit Committee, the Chair of the CGCN Committee and the Chair of the Environment, Health and Safety Committee (the "**EHS Committee**"). In accordance with the written position description for the Chair of the Board, such individual is charged with providing leadership and their experience to the Board to enable it to act as an effective and cohesive team. The Chair of the Board also works with the CGCN Committee in monitoring the effectiveness, performance, composition and mandate of the Board and its committees.

Independence of the Board

A director who does not have a direct or indirect material relationship with us is considered to be an independent director. A relationship is considered to be material if it could reasonably interfere with the director's ability to make independent decisions and act in our best interests. If there is a change to a director's circumstances that could have an impact on their independence, the director must advise the CGCN Committee of such change as soon as they are able. The CGCN Committee is responsible for determining whether a director is independent using the criteria for independence set forth in NP 58-201 and NI 58-101.

In accordance with the review of the CGCN Committee, it has been determined that seven of the eight director nominees are independent, which will result in 87.5% of the Board being independent. The seven director nominees that are independent are Mr. Estey, Mr. Bloom, Mr. Cleary, Mr. Festival, Mr. McRae, Ms. Peters, and Ms. Jones. Mr. Spaulding is not independent because he is our President and CEO.

Chair of the Board

Mr. Estey was appointed as the Chair of the Board on April 4, 2013. The CGCN Committee has determined that the appointment of Mr. Estey as the Chair of the Board is in accordance with best governance practices given Mr. Estey's independence from the Board and his depth of industry experience.

Independence from Management and In-Camera Sessions

We take steps to ensure that adequate structures and processes are in place to permit the Board to function independently of our management. One of the responsibilities of the Chair of the Board is to provide leadership to the independent directors and to ensure that the policies and procedures adopted by the Board allow it to function independently of management. Matters that require decision making and evaluation that is independent of management and non-independent directors may arise at the meetings of the Board and the committees of the Board. Such matters require a portion of the meeting to be conducted without the presence of management and non-independent directors. At every board meeting in which these matters arise, including special meetings, we hold "in-camera" sessions among the independent directors, without management present so that these matters can be addressed. In 2018, there were in-camera sessions at all of the Board and Committee meetings which were held. Therefore, 100% of all Board and Committee meetings held in 2018 had an in-camera session.

Other Directorships

Although we do not have a formal policy that limits the number of outside directorships of public companies that a director may have, we do perform an individual assessment for each director to ensure that they will have the necessary time that we require be dedicated to our Board. The CGCN Committee has considered the issue and does not believe that the additional public board memberships currently held by our directors impair their ability to devote their time and attention to us. The CGCN Committee believes that such outside directorships can be beneficial to directors in enhancing their experience and exposure to issues facing public companies. Certain of the nominee directors of the Board are also directors of other issuers that are reporting issuers (or the equivalent), as set forth below. At this time, there are no public company interlocking directorships. For more information please see "Business of the Annual Meeting – Independence and Interlocking Relationships".

Orientation and Continuing Education

We feel that director education helps our directors grow their understanding of our business and operations as well as assists them with expanding their skill set and increases their awareness of current and emerging issues that impact us. The orientation and continuing education of the directors is the responsibility of the CGCN Committee and is focused on familiarizing our new directors with the midstream energy services industry. The details of the orientation of new directors will be tailored to their needs and areas of expertise and will include the delivery of written materials, including our governance guidelines and policies, and participation in meetings with management and the Board. The focus of the orientation program will be on providing new directors with: (i) information about the duties and obligations of directors; (ii) information about our business and operations; (iii) the expectations of

directors (including, in particular, expectations of time and energy); (iv) opportunities to meet with management; and (v) access to documents from recent meetings of the Board and committees. The key elements of the program include:

- an orientation program for new directors that involves meetings with our key management and Board;
- provision of the Directors Manual which includes the Board and committee calendars, contact information for other directors and key employees, our articles and bylaws, our corporate structure description, corporate charters, position descriptions, policies and the particulars of the directors' and officers' liability insurance program;
- regular management presentations on our operations; and
- one or more facility tours.

The directors have all been chosen for their specific level of knowledge and expertise. All directors will be provided with materials relating to their duties, roles and responsibilities. In addition, the directors will be kept informed as to matters impacting, or which may impact, our operations through reports and presentations by internal and external presenters at meetings of the Board and during periodic strategy sessions held by the Board. Directors may periodically take part in site visits to facility locations in the field to observe our operations.

Our orientation and education program also provides financial support for directors to attend courses and conferences that are relevant to the fulfillment of their responsibilities as directors. Management is authorized to approve the reimbursement of expenditures incurred by directors for these kinds of courses, conferences and certification programs. Where practical, we also maintain memberships in professional or business associations which offer seminars, presentations and other educational material and, when appropriate, directors have the opportunity to take advantage of the educational opportunities offered through our membership in such associations.

All of our directors are registered with the Institute of Corporate Directors (the "ICD"). The ICD offers our directors flexible director education and learning opportunities as well as a year-round continuing education program where our directors engage in informal learning sessions and networking events. The ICD provides our directors with timely information on current and emerging governance issues and best practices.

Director Development in 2018

As at December 31, 2018, all of the directors, other than Susan Jones who joined the board in December of 2018, had visited and toured all of our major facilities and operations.

Upon joining us in May 2018, Mr. Festival visited and toured major facilities, including the Hardisty Terminal and Edmonton Terminal. In addition to these site visits, Mr. Festival's onboarding consisted of a fulsome orientation and education program. Mrs. Jones' onboarding also consisted of a fulsome orientation and education program and Mrs. Jones, along with Mr. Estey and Mr. Bloom, will tour all of our major facilities in May of 2019.

Director Evaluation and Board Assessment

The responsibility to ensure that the Board is comprised of individuals who are conscientious, informed, participative and independent falls within the mandate of the CGCN Committee. We recognize that an effective Board is a key element of good corporate governance. We not only ensure that each individual director is contributing to the Board, but that the Board is contributing to our overall success. In order to ensure that individual Board members and the Board as a whole are meeting the high standards we set for them, the Chair of the CGCN Committee administers an annual review process through the use of a questionnaire for the assessment of the Board, Board Committees and our directors (the "**Assessment Questionnaire**"). This process is an effective tool to evaluate how the Board, committees and each director, embraces responsibility, provides insightful guidance and contributes to our overall success.

The Assessment Questionnaire is aimed at evaluating the Board as a whole, the effectiveness of each committee of the Board and the contributions of each Board member. The Assessment Questionnaire is a written evaluation process and applies to each director. All directors are asked to confirm and evaluate their independence.

With respect to the assessment of the Board and each Board committee, the Assessment Questionnaire focuses on the following areas:

Board General	Board Meetings	Board Communications	Committees	Board Effectiveness
<ul style="list-style-type: none"> • The collective experience and expertise to discharge the Board's duties • Ethical conduct of the Board • New director selection and identification process • Appropriateness of the Chair • Experience during the prior term 	<ul style="list-style-type: none"> • Satisfactory number and length • Committee size • Addressing current and prospective issues • Appropriate utilization of talents and capacity • In camera sessions conducted at meetings • Adequate reporting from the committees • Appropriate form and content of meeting materials • Encouragement of open communication, critical questioning, meaningful participation and timely resolution of issues 	<ul style="list-style-type: none"> • Board members are communicating effectively • Board has sufficient access to the CEO and other key management 	<ul style="list-style-type: none"> • The duties of each committee are appropriate and sufficient • Proper performance of duties of each committee • Appropriate membership of each committee • Effectiveness of the chair of each committee 	<ul style="list-style-type: none"> • Sufficient understanding of the Board's mandate and responsibilities • Proper discharge and/or delegation of responsibilities • Adequate mix of characteristics and skills • Appropriate number of committees • Satisfaction with the approved corporate strategy, goals, objectives and key success drivers • Adequate direction given to the CEO • Appropriate level of succession planning and evaluation of the CEO and other key management • Appropriate access to information and sufficient responses from management to questions • Constructive testing of the assertions and recommendations of the CEO • Overall effectiveness

Ethical Business Conduct

The Board has adopted a written code of conduct and ethics (the "**Code of Conduct**") that encourages and promotes a culture of ethical business conduct applicable to our directors, officers, management, employees, contractors and consultants. The Code of Conduct, among other things, addresses conflicts of interest; the protection and proper use of our assets and opportunities; the confidentiality of information; fair dealing with various stakeholders; compliance with laws, rules and regulations; and the reporting of illegal or unethical behavior. To ensure that our Code of Conduct is effective, we require our directors and management personnel on an annual basis to confirm that they have read the Code of Conduct and are in full compliance. The Code of Conduct is available for review on our website at www.gibsonenergy.com and on SEDAR at www.sedar.com.

The Board encourages officers, employees, contractors and consultants to express their concerns regarding compliance with the Code of Conduct without fear of retaliation. In accordance with our Whistleblower Policy, available for review on our website at www.gibsonenergy.com, we maintain an anonymous and confidential toll-free phone line, along with an internet reporting system, for individuals to report their concerns. Any such reports are provided directly to our legal department and the Chair of the Audit Committee.

Under the Code of Conduct, any actual or potential conflict of interest involving a director or officer, or a member of such person's immediate family, must be reported by the affected person to our legal department or the Chair of the Audit Committee. Any member of the Board or any officer having a possible conflict of interest in any proposed transaction or arrangement is not permitted to vote (in the case of a member of the Board) or use his or her personal influence on the matter being considered by the Board.

No material change reports have been filed in 2018 that pertain to any conduct of a director or officer that constitutes a departure from the Code of Conduct. To the knowledge of the Board, no such departures have occurred, and no waivers of the Code of Conduct have been granted to any director, executive officer or employee, contractors or consultants to whom the Code of Conduct applies.

Nomination of Directors

The responsibility for proposing nominees for the Board falls within the mandate of the CGCN Committee. New candidates for nomination to the Board will be identified and selected having regard to the strengths and constitution of the Board and the needs of the Board. The CGCN Committee also develops and determines the

appropriate size of the Board from time to time and determines its composition, identifies the competencies and skills required by the Board to discharge its oversight responsibilities, organizes the process for recruiting potential candidates and provides orientation to such members. When determining candidates for nomination, the CGCN Committee also takes into account our commitment to promoting the representation of highly skilled and qualified females on our Board. Through this process, Ms. Jones was identified as an additional independent board candidate with the requisite skills and experience that would support our initiatives and she was appointed to our Board on December 1, 2018. In addition, the CGCN Committee takes into account the Gender Diversity and Inclusion Policy which was approved by the Board on March 4, 2019. All of the directors that are members of the CGCN Committee are independent.

Term Limits for Directors

We have not adopted term limits for directors. At this time, we believe that the imposition of term limits or other mechanisms restricting board renewal are inflexible and discount the value of experience in our history and culture and the importance of continuity. We believe that a board member with longer tenure is able to increase their contribution over time. Such policies may run the risk of excluding experienced, high performing and valuable board members. We believe that our CGCN Committee is best positioned to recommend candidates for election who contribute the necessary qualities for our Board. The CGCN Committee annually considers changes to the composition of the Board and one factor considered is board renewal.

Board and Executive Diversity and the Gender Diversity and Inclusion Policy

Our current Board has a broad range of skills and experience. Please see "Business of the Annual Meeting – Election of Directors" for a description of their qualifications.

On March 4, 2019, upon the recommendation of the CGCN Committee, the Board approved and adopted the Gender Diversity and Inclusion Policy. The Board is of the belief that an effective Board and executive team requires diverse experience, expertise, independence, personal skills and qualities in order to effectively carry out their duties. Diversity and inclusion promotes this purpose by allowing for better corporate governance and enhanced effectiveness through the contribution of different perspectives and experiences. In addition, the Board believes in and is supportive of the recruitment, retention and development of qualified females.

Although we have adopted a written policy, we believe that building diversity will take time and commitment. Diversity has long been a priority and a factor considered in the nomination of any member to the Board. This objective is evident through the appointment of Mary Ellen Peters to the Board in 2014 and the appointment of Susan C. Jones to the Board in 2018.

We currently do not have a target regarding women on the Board and women in executive positions as the Board and the CGCN Committee believe that our current methods of recruitment and our Gender Diversity and Inclusion Policy are focused on diversity and are sufficiently proactive. We believe that establishing a target based on just one factor which the CGCN Committee uses to recruit and assess nominees and potential appointees is unduly restrictive and would disqualify desirable candidates. Based on the size of our executive team and Board, our needs at this time and the desire to ensure that decisions are based on merit and a variety of comprehensive factors, we do not believe targets are appropriate at this time.

Aligning with the Board's commitment to promoting our diversity, both at the company and Board level, the CGCN Committee endeavors to propose nominees to the Board that support the development and advancement of women and those of diverse backgrounds. The recent implementation of the Gender Diversity and Inclusion Policy reflects the importance to us of increasing female representation and therefore diversity considerations are included in our succession planning and recruitment and development strategies. As of the date hereof, females represent 25% of our current Board and approximately 25% of the Board should all of our director nominees be elected at the Meeting. In addition, females are well represented in our senior leadership roles and we currently have four female Vice Presidents and a female officer who represent approximately 24% of our executive officer positions. We believe

such numbers are reflective of our commitment to diversity and the appropriateness of our Gender Diversity and Inclusion Policy.

Director Skills Matrix

The CGCN Committee recognizes that the Board's membership should represent a diversity of backgrounds, experience and skills. Directors are selected for their integrity and character as well as their breadth of experience and business acumen. Each year, the CGCN Committee conducts an assessment of the skills and expertise represented by the directors currently standing for appointment to ensure that the required skills are well represented. The CGCN Committee has determined that the Board will have the required skills. The key areas identified are set out in the skills matrix below:

Executive Succession Planning

The CGCN Committee has the responsibility to review management's ongoing succession planning with the objective of having high performers in key roles across the organization and a pipeline of qualified people to fill these roles in the future. On an annual basis, management provides the CGCN Committee with a detailed succession plan for each executive position and identifies possible succession gaps in the current composition of employees. The CGCN Committee, together with the CEO, conducts a thorough review of current employees that are potential candidates for the CEO role. Such review consists of evaluating such candidate's strengths and weaknesses, developmental requirements and when such candidate may be prepared to accept the role of CEO. After such evaluation, the CGCN Committee and the CEO identify action-items necessary in such candidate's career development. At the conclusion of this review, the CGCN Committee and the CEO discuss any identified concerns and formulate solutions

accordingly. In addition to the CEO role, the CGCN Committee focuses on succession planning for other key management roles.

Committees of the Board

Subject to applicable law, the Board has established three committees to which it delegates powers, duties and responsibilities. At present, the Board has established the Audit Committee, the CGCN Committee and the EHS Committee.

In accordance with the position descriptions that have been adopted by the Board, the chair of each committee is responsible for providing leadership to that committee and acting as a liaison between the committee and the Board, which means that each committee chair is tasked with reporting to the Board on all proceedings and deliberations of the committee at the first Board meeting after such committee meeting. In accordance with best governance practices, the chair of each committee is an independent director.

A charter for each committee has been adopted, is reviewed annually and updated as needed. The charters of each committee can be found on our website at www.gibsonenergy.com. In addition, the full text of the Audit Committee Charter is disclosed in our annual information form dated March 4, 2019 (the "AIF"), which is available on our website at www.gibsonenergy.com and on SEDAR at www.sedar.com.

Audit Committee

The members of the Audit Committee are Mr. McRae, Mr. Cleary and Ms. Jones. Mr. McRae is the Chair of the Audit Committee. The Audit Committee met four times in 2018. The Board has determined that all of these directors are financially literate within the meaning of National Instrument 52-110 – *Audit Committees*. In considering whether a member of the Audit Committee is financially literate, the Board considers the ability to read a set of financial statements of a breadth and complexity similar to that of our financial statements. Further, none of the Audit Committee members have any direct or indirect relationship with our external auditors. The purpose of the Audit Committee is to assist the Board in fulfilling its oversight role and other responsibilities. Some of the roles of the Audit Committee are to:

- discuss with our management and senior staff and the management and senior staff of our subsidiaries and affiliates, any affected party and the external auditors, such accounts, records and other matters as any member of the Audit Committee considers necessary and appropriate;
- inspect any and all of our books and records and the books and records of our subsidiaries and affiliates;
- engage independent counsel and other advisors as it determines necessary to carry out its duties and set and pay the compensation for any advisors employed by the Audit Committee;
- review and assess the adequacy of our risk management policies, systems, controls and procedures with respect to our principal business risks, and report regularly to the Board;
- deal directly with the external auditors to approve external audit plans, other services (if any) and the external auditor's fees and directly oversee the external audit process and results;
- monitor the integrity of our financial reporting process and system of internal controls regarding financial reporting and accounting compliance;
- monitor the quality and integrity of our system of internal controls, disclosure controls and management information systems through discussions with management and the external auditors;

- oversee the system of internal controls by: (i) consulting with the external auditors regarding the effectiveness of our internal controls; (ii) monitoring policies and procedures for internal accounting, financial controls and management information, electronic data controls and computer security; (iii) obtaining from management adequate assurances that all statutory payments and withholdings have been made; and (iv) taking other actions as considered necessary;
- oversee investigations of alleged fraud and illegality relating to our finances and any resulting actions;
- be directly responsible for overseeing the work of the external auditors (including the resolution of any disagreements between management and the external auditors regarding financial reporting), monitor the independence and performance of the external auditors and annually recommend to the Board the appointment and compensation of the external auditors, or the discharge of the external auditors when circumstances so warrant;
- review disclosures made by our CEO and CFO during their certification process for annual and/or quarterly financial statements with applicable securities regulatory authorities about any significant deficiencies in the design or operation of internal controls which adversely affect our ability to record, process, summarize and report financial data or any material weaknesses in the internal controls, and any fraud involving our management or other employees who have a significant role in our internal controls;
- discuss with management and the external auditors any proposed changes in major accounting policies, standards or principles, the presentation and impact of significant risks and uncertainties and key estimates and judgments of management that may be material to financial reporting; and
- meet with management and the external auditors to review and discuss, and to recommend to the Board for approval, certain public documents prior to public disclosure.

As part of its oversight of our financial statements, the Audit Committee reviews and discusses with management and our external auditor, all interim and annual financial statements prior to their issuance. During fiscal 2018, management advised the Audit Committee that each of our interim and annual financial statements had been prepared in accordance with generally accepted accounting principles and IFRS. These reviews included discussion with our external auditor. In addition to the Audit Committee, we have an internal audit department that uses a co-source model and reports indirectly to the Audit Committee.

Corporate Governance, Compensation and Nomination Committee

The members of the CGCN Committee are Mr. Estey, Mr. Bloom, Mr. Cleary, and Mr. Festival, with Mr. Estey being the Chair. The CGCN Committee met three times in 2018. All of these directors are independent and financially literate and have a deep understanding of our compensation programs, methodologies and practices. The purpose of the CGCN Committee is to assist the Board in fulfilling its oversight role and other responsibilities, which are to:

- based upon a consideration of a director's performance in office and any other factors considered relevant, recommend to the Board whether such director should be nominated for election or re-election at any annual meeting of shareholders at which he or she is eligible to be elected a director;
- in the event of a vacancy occurring on the Board, however caused, recommend to the Board a person or persons for appointment as a director to fill the vacancy if deemed advisable to fill such vacancy;
- annually review and evaluate the role of the Board and its committees and the methods and processes by which the Board fulfills its duties and responsibilities, including the methods and processes for evaluating Board effectiveness;

- monitor and review our corporate insider trading policy, continuous disclosure policy, and corporate guidelines for maintaining confidentiality, and recommend changes and actions required to deal with breaches of policy or guidelines;
- approve any appropriate training and development or continuing education experiences funded by us for the Board as a whole, or for individual directors, and monitor and assess the value of any training programs and recommend changes;
- annually assess and make a recommendation to the Board with regard to the competitiveness and appropriateness of the compensation package of our CEO, our other officers and our other key employees as may be identified by our CEO and approved by the CGCN Committee;

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

We believe that our ability to attract and retain high performing employees at all levels of our organization is a key component of ensuring our success and increasing our shareholder value. In order to achieve this, we foster a culture of "pay for performance". We believe that paying for performance is the most effective way to motivate our employees to achieve strong individual performance so that, in turn, we can achieve strong corporate performance.

The following compensation discussion and analysis outlines the structure, policies, principles and elements of our executive compensation program, as well as the processes related to compensation decisions. Information about the compensation awarded to our Named Executive Officers (the "**NEOs**") in 2018 can be found in the Summary Compensation Table, the Incentive Plan Awards Table and the Pension Plan Table included in this Circular under the heading "Compensation of the Named Executive Officers".

Consistent with best governance practices, our CGCN Committee is comprised of independent directors, Mr. Estey, Mr. Bloom, Mr. Cleary, and Mr. Festival, all of whom were selected for such committee by the Board due to their knowledge about compensation and talent development, their focus on using good corporate governance to create shareholder value and dedication to accountability, responsibility and fairness. The CGCN Committee has overall responsibility for the administration of our executive compensation program. On an annual basis, the CGCN Committee reviews each element of the compensation program and makes recommendations to the Board for approval. For more information please see "Compensation Discussion and Analysis – Compensation Methodology".

The primary factors that influenced compensation decisions in 2018 included the following:

- our strong financial and operational performance throughout 2018, highlighted by:
 - Infrastructure segment profit increasing \$48 million or 20% over 2017;
 - Wholesale segment profit increasing \$181 million or 590% over 2017;
 - Total segment profit from continuing operations increasing by \$225 million or 86% over 2017;
 - Adjusted EBITDA from continuing operations increasing by \$181 million or 66% over 2017;
 - Distributable cash flow from combined operations increasing by \$102 million or 56% over 2017, leading to a decrease of the payout ratio of 67% in 2018 compared to 104% in 2017;
- our leading relative share price performance and total shareholder return when considered against our most comparable Canadian energy infrastructure peers;
- our ability to secure major infrastructure growth capital projects to drive future growth in per share distributable cash flow, as outlined in our strategy, including:
 - the sanctioning of four new tanks at the Hardisty Terminal, adding 2.0 million barrels of additional crude oil storage capacity under long-term take-or-pay agreements;
 - the sanctioning of the Viking Pipeline Project, underpinned by take-or-pay commitments with an area of dedication;
 - the acceleration of the U.S. strategy, underpinned by fee-based commitments with an area of dedication; and
 - the sanctioning of the expansion of the Moose Jaw Facility;
- our execution on major infrastructure growth capital projects, including:
 - the commissioning of two new tanks representing 800,000 barrels of storage ahead of schedule and under budget at the Edmonton Terminal;
 - the progression of the Top of the Hill build-out at our Hardisty Terminal, including three new tanks representing 1.1 million barrels of storage associated with the first phase of the build-out entering

- service ahead of schedule in early 2019 as well as the advancement of the second and third phases which will add a further four new tanks representing 2.0 million barrels of storage;
- the progression of the Viking Pipeline Project, which entered service ahead of schedule in early 2019; and
- the progression of the expansion of the Moose Jaw Facility;
- our ability to execute on the non-core divestitures, such that we expect to realize aggregate proceeds within its initially stated target range of \$275 million to \$375 million by mid-2019, including:
 - the sale of the U.S. Environmental Services business, which closed on May 3, 2018;
 - the sale of the Wholesale Propane business, which closed on December 3, 2018;
 - the sale of the non-Core Environmental Services North, which closed on February 28, 2019; and
 - the continued advancement of the divestiture of Canadian Truck Transportation;
- our ability to significantly improve our financial position, including the reduction of our net debt by approximately \$125 million over the course of 2018, and decreasing Net Debt to Pro Forma Adjusted EBITDA to 2.3x at the end of 2018 from 4.0x at the end of 2017;
- our ability to complete an internal reorganization to streamline reporting structures to improve customer focus, improve organizational alignment and reduce costs; and
- the advancement of several other initiatives begun or continued in 2018.

These factors contributed to strong financial performance and a solid advancement of our strategy in a challenging economic environment in 2018. In turn, our executives were paid for their performance accordingly.

Objectives of the Compensation Program

Our success depends on our ability to attract and retain a dedicated group of high performing employees, top management and quality directors. Compensation is the primary tool available to us to attract, retain and motivate individuals who have the skills, experience, capabilities and commitment needed to generate sustainable and increasing value for shareholders. We strive to maintain a competitive level of compensation to ensure that we recruit and retain experienced individuals. Our compensation programs are therefore designed to be fair, equitable and competitive with our industry peers and to reward employees, management and directors for superior performance. The three primary objectives of our compensation program are to:

1. **Create Shareholder Value.** Levels of compensation awarded under our compensation program are based upon performance metrics that are in line with shareholder interests creating a direct correlation between executive performance and shareholder value creation.
2. **Pay for Performance.** Under our compensation program, individuals are compensated based on actual performance, incentivizing them to attain their objectives and contribute to our overall success. Our compensation program motivates employees to be individually responsible for the achievement of both their short term and long term objectives by rewarding them when such objectives are attained.
3. **Be Competitive in the Market.** Our compensation program is designed to ensure market competitiveness and to allow us to attract, engage and retain talented and capable employees.

As discussed in this Circular, our executive compensation program consists of four key elements: base salary, short term annual incentives, long term equity incentives and benefits and pension plans. Our compensation program is designed to foster decisions and actions that result in our growth and in the creation of both near term and long term value for shareholders.

Engagement of Compensation Consultants

Between 2011 and 2014 Mercer Canada Limited ("**Mercer**") was retained as a third party compensation advisor to our management. In 2017, Mercer compiled relative total shareholder return ("**TSR**") data as compared to our peer group and was retained to complete a review of executive compensation. In 2018, Mercer compiled TSR data as

compared to our peer group, acted a compensation advisor to our management and was retained to ensure that the Equity Plan Amendments aligned with the best corporate governance practices.

In 2018 and 2017, fees billed by Mercer and the Advisory Firm for services provided were as follows:

	Mercer	
	2018	2017
Executive Compensation Fees	\$32,915	\$33,483
All Other Fees	\$21,480	\$10,983
Total	\$54,394	\$44,466

The services provided under each category are as follows:

- Executive Compensation Fees: Fees for services in 2017 and 2018 as described above.
- All Other Fees: Fees provided to Mercer are for our participation in a market survey carried out by Mercer.

Compensation Methodology

The CGCN Committee annually reviews the base salary, short term annual incentives and long term equity incentives of the NEOs and our other executive officers. The CGCN Committee analyzes our compensation packages alongside a group of comparator companies against which we compete for executive talent. Drawing on this analysis, the CGCN Committee then makes recommendations to the Board and provides the Board with the supporting materials. The Board reviews and evaluates the recommendations regarding salaries, annual bonuses and equity incentive compensation for the NEOs and other executives and makes a determination. In addition, the Board approves corporate goals and objectives for NEOs and our other executive officers' compensation.

Selection of the Comparator Group for Executive Compensation

On occasion the CGCN Committee works with Mercer to review the list of entities in our comparator group (the "**Comparator Group**") and makes any necessary changes to such Comparator Group to ensure that it is appropriate and relevant. Our Comparator Group currently includes a set of 6 entities. The Comparator Group consists of other midstream services companies and is selected based on revenue, assets, market capitalization and enterprise value.

The following table represents our position within our Comparator Group (in the millions) for 2018:

Company Name	Revenue ⁽¹⁾	Assets ⁽²⁾	Market Capitalization ⁽³⁾	Enterprise Value ⁽³⁾

- (1) Trailing 12-month revenue as reported on December 31, 2018.
- (2) Most recently reported assets at December 31, 2018.
- (3) Market capitalization and enterprise value based on public information available as at December 31, 2018.

The Comparator Group was used as a reference point by the CGCN Committee in developing its recommendations to the Board with respect to the determination of all compensation (including base pay levels and variable pay levels) for 2018.

The compensation information for the Comparator Group is derived from Mercer's 2018 Total Compensation Survey for the Energy Sector (the "**Survey**") and is supplemented with publicly disclosed information derived from sources such as information circulars and other public documents. The CGCN Committee does not know the extent to which the members of the Comparator Group participated in the Survey or which members of each Comparator Group comprised the benchmark for each position.

Selection of the Comparator Group for Performance

We recognize the importance of having a separate comparator group for the measurement of our comparative performance, such measurement including TSR. Therefore, the CGCN Committee establishes a separate PSU performance comparator group (the "**PSU Comparator Group**") at the beginning of each year. The PSU Comparator Group includes companies with similar business operations that compete with us for investors whereas the Comparator Group includes similar size companies that compete with us for executive talent. In addition, the PSU Comparator Group represents the companies which we measure our TSR against. The table below shows the PSU Comparator Group for 2018:

Altagas Ltd.	Kinder Morgan Canada Limited
Pembina Pipeline Corp.	TideWater Midstream & Infrastructure Ltd.
Enbridge Inc.	Inter Pipeline Ltd.
Enbridge Income Fund Holdings	Keyera Corp.
TransCanada Corp.	

Determination of Compensation

In making compensation recommendations, the CGCN Committee reviews the various elements of each NEO's compensation in the context of the total compensation package. Based on this review, the CGCN Committee evaluates whether the intended relationship between performance and compensation is being achieved or whether changes are required in order to bring this relationship in line with our compensation objectives. The CGCN Committee and the Board exercise discretion based on our performance and the individual contributions of each NEO in determining actual compensation.

In determining the total compensation payable to the NEOs for 2018, the CGCN Committee and the Board took into account a range of relevant factors including but not limited to: our financial results, the current economic environment, the duties and responsibilities of each executive officer and their respective performance and current compensation levels, as well as other factors discussed in this Compensation Discussion and Analysis.

Compensation of Named Executive Officers

The President and CEO, the Chief Financial Officer ("**CFO**"), and each of the three most highly compensated executive officers other than the CEO and the CFO are collectively referred to as the NEOs. The NEOs for the year ended December 31, 2018 are:

- Steven R. Spaulding, President and CEO;
- Sean M. Brown, Senior Vice President ("**SVP**") and CFO;
- Richard M. Wise, former SVP and Interim Chief Commercial Officer ("**CCO**");
- Orin Atkins, Vice President, U.S. Business Development; and

- Sean M. Wilson, SVP and Chief Administration Officer (“CAO”).

Components of Compensation

The compensation package for the NEOs consists of base salary, short term annual incentives, participation in our long term equity incentive plans and participation in benefit and pension plans. All salaries, bonuses and share-based compensation for the NEOs have been analyzed, reviewed, considered and approved by the CGCN Committee and, in turn, the Board.

The aggregate of base salary, annual incentive plans and long term equity incentive plans is benchmarked relative to the market within the Comparator Group through publicly available documents and the Survey prepared by Mercer. The CGCN Committee reviews publicly available documents on an annual basis as needed to ensure the compensation packages for the NEOs are competitive. The mix of pay and the weighting of short term and long term incentives are reflective of the NEO's position and his ability to impact our short term and long term performance. Performance by individuals is rewarded based on our pay for performance methodology. The following table outlines each of the components of the compensation program.

Component	Eligibility	Performance Period	Determination
Base Salary	All employees	1 year	Salary ranges are based on market competitiveness, annually reviewed and benchmarked against the Comparator Group.
Short Term Annual Incentive Program ("STIP")	All employees	1 year	The STIP design is based on market competitiveness and our performance, including Adjusted Management EBITDA (as defined below), OPEX (as defined below), safety performance goals and individual performance. STIP may be paid in the form of cash or equity.
Long Term Equity Incentive Program ("LTIP")	Directors, officers and senior employees	1-3 years 1-3 years 3 years Upon exit	The LTIP design is based on individual performance and our performance. RSUs typically vest in three equal installments following the anniversary of the grant. The actual payouts reflect the share value. Dividend equivalent rights on RSUs are currently paid in cash. Options vest in three equal installments following the anniversary of the grant. The actual payouts reflect the gain in share value upon exercise. PSUs cliff vest three years after the annual grant date. Actual payouts reflect: (i) share value; and (ii) achievement of performance factors. Dividend equivalent rights on PSUs are currently paid in cash. DSUs may not be redeemed until the earlier of the holder's death or cessation of employment or directorship with us. The actual payouts reflect: (i) the share value; and (ii) the reinvestment of notional dividends until exercise.
Benefits and Pension Plans	All employees	Continue throughout employment	Benefits plans and pension plans are based on market competitiveness, reviewed as required and compared with results received from independent data from the energy industry marketplace. Executive officers are eligible to receive registered pension and benefits available to all employees.

Base Salary

We believe that base salary is an essential component of total executive compensation as it constitutes the largest component of compensation that is fixed and not considered "at risk" and therefore provides income certainty. Base salary is intended to attract and retain executives by providing a competitive amount of income certainty.

NEO base salary levels reflect numerous factors relevant to the performance of their duties, including the complexity of their roles, the amount of applicable industry experience and the need to attract and retain talented individuals. Base salaries will be reviewed and compared to similar benchmarked positions in the Comparator Group. Consideration will also be given to the NEO's time in the role, and/or material differences in responsibilities compared with the benchmarked similar role in the Comparator Group data. The NEO base salaries will be targeted to a median range of the Comparator Group and adjusted for individual contribution and performance.

In 2018, base salaries were determined by the CGCN Committee's analysis of such factors as the consumer price index, gross domestic product, unemployment rates, industry trends and the overall economic outlook and a comparability of entities in the Comparator Group and the quality of data in the Comparator Group. The table below sets out the 2017 and 2018 base salaries for each NEO, along with the percentage change.

Name and Position	2017 Base Salary⁽¹⁾	2018 Base Salary⁽²⁾	Percentage Change between 2017 and 2018
Steven R. Spaulding President and CEO	\$750,000	\$770,000	3%
Sean Brown SVP and CFO	\$400,000	\$410,000	3%
Richard M. Wise Former SVP and Interim CCO	\$400,000	\$400,000	0%
Orin Atkins⁽³⁾ Vice President, U.S. Business Development	n/a	\$291,643	n/a
Sean M. Wilson SVP and CAO	\$300,000	\$300,000	0%

Notes:

- (1) Based on annual base salary as at December 31, 2017.
- (2) Based on annual base salary as at December 31, 2018, as if such individual was employed by us on such date.
- (3) Orin Atkins commenced employment on January 3, 2018. Mr. Atkins is a United States based employee and base salary paid to employees resident in the United States is paid in USD. For the purposes of this table, base salary was converted into Canadian dollars based on the average 2018 Bank of Canada daily exchange rate which was \$1.00 USD = \$1.2962 CDN.

Based on a 2018 comparison of the base salaries of the Comparator Group to the base salaries paid by us as outlined above and in accordance with our compensation philosophy, the base salaries for the NEOs were found to be aligned with the 50th percentile of the Comparator Group. The CGCN Committee ensures we are competitive in the market and it feels that all of our NEOs should have a significant portion of their compensation at risk to encourage strong performance.

Short Term Annual Incentives

STIP compensation for the NEOs is based on our overall performance, relative shareholder returns and other relevant factors. Annual bonuses for the NEOs, excluding the CEO, are recommended by the CEO to the CGCN Committee who reviews the recommendations and, if deemed appropriate, makes a recommendation to the Board for approval. The annual bonus for the CEO is determined solely by the Board based on recommendations received from the CGCN Committee. The factors that are considered in determining such bonus amounts are set out in further detail below. See "STIP Determinations for our NEOs".

Annual bonuses are paid out of a pool that is approved on an annual basis by the CGCN Committee and the Board. If actual performance meets or exceeds performance targets, then annual bonuses are paid out of the pool, at the discretion of the Board, to the NEOs who met performance targets. There is no guarantee that the funds allocated to the pool will be distributed in full, if at all, to the NEOs.

STIP Performance Measures

In determining the amount of short term annual incentives payable to the NEOs, different weighting is assigned to individual performance versus corporate performance, depending on the position of the NEO and their ability to impact organizational results. We have adopted guidelines with respect to the relative weighting of our performance and individual performance in determining annual bonuses.

The organizational performance measures underlying short term annual incentives are Adjusted Management EBITDA (as defined below), OPEX (as defined below), safety performance goals and individual performance. Adjusted Management EBITDA is defined as segment profit less general and administrative expenses, as reported in our segment footnote in the consolidated financial statements, and excludes the impact of the changes in the fair value movement of financial instruments relating to operating activities and Adjusted Management EBITDA from the divested businesses. OPEX is defined as operating expenses including expenses for all business units, allocated groups, corporate groups and information services. This includes direct and indirect expenses including any lease expense, except certain non-controllable expenses as determined by the CEO (such as severance, bonus, utilities, power, business taxes, acquisition costs, product purchases, gain/loss on sale of assets, foreign exchange gains/losses and one-time charges).

The use of Adjusted Management EBITDA, OPEX, safety performance goals and individual performance as performance measures for short term annual incentives supports our alignment of executive compensation with the generation of shareholder value.

Annual STIP Ranges

The annual bonus range for each of the NEOs is between 0% and 150% of base salary as at the end of the most recently completed financial year, with the exception of our President and CEO, whose range is between 0% and 200% and our Vice President, U.S. Business Development, whose range is between 0% and 140%. The Board does retain the discretion to award annual bonuses outside of these ranges if the circumstances warrant. The following table sets out the minimum, target and maximum bonus levels as well as the actual bonus level for each NEO as a percentage of salary in 2018:

Name and Position	Minimum	Target	Maximum	Actual
Steven R. Spaulding President and CEO	0%	100%	200%	171%

Note:

- (1) Effective June 26, 2018, Richard M. Wise ceased to be an SVP and the Interim CCO. Mr. Wise stayed on for a transition period until November 26, 2018. In 2018, in accordance with the Transition Agreement for Mr. Wise, the Board approved the payment of a 2018 prorated annual bonus to Mr. Wise.

The following table sets out the actual annual bonuses for the NEOs as a percentage of base salary in 2018 as compared to 2017:

(4) Orin Atkins commenced employment on January 3, 2018.

STIP Determinations for our NEOs

Based upon the recommendation of the CGCN Committee and its own evaluation, the Board believes that the 2018 compensation levels were appropriate given our strong financial performance during the year. In making this determination, the CGCN Committee and the Board took into account the primary factors set forth above under the heading "Compensation Discussion and Analysis – Executive Summary".

In making a determination of the annual bonus for our NEOs, the CGCN Committee and the Board considered the following factors:

Factor	Weighting	Components	Target	Actual Achievement
Financial Performance	60% 25%	<ul style="list-style-type: none"> Adjusted Management EBITDA relative to budget OPEX relative to budget 	<ul style="list-style-type: none"> 100% 100% 	<ul style="list-style-type: none"> 149% 105%

Notes:

- (1) Leading Indicators are a compilation of environment, health and safety indicators monthly facility meetings and inspections, incident reports, annual one-on-one interviews, training requirement compliance, action register closure rates and triennial facility assessments which are measured at the facility level and included in the measurement for each business unit, region and company overall.
- (2) Lagging Indicator targets are based on the most recent three (3) years' performance, less 10%, with a subsequent target never exceeding a previous target.

Long Term Equity Incentives

We believe that long term equity incentives are an integral part of executive compensation necessary to align executives with shareholders' long term interests, reward long term performance, deliver a competitive compensation package and retain key talent. The principal purposes of the Equity Incentive Plan are to attract and retain skilled officers and employees, to focus officers and employees on long term operational activities and growth and to encourage officers and employees to put forth maximum efforts to increase long term shareholder return. For more information on the Equity Incentive Plan, please see "Compensation of the Named Executive Officers – Equity Incentive Plan".

Awards are aimed at rewarding performance directly tied to share value. Therefore, a participant in the Equity Incentive Plan is awarded a fixed number of awards that vest over a three year period (with the exception of DSUs granted to NEOs which vest upon cessation of their employment). Awards are granted on an annual basis and each Award is designed to create sustainable shareholder returns over such three year period.

Determination of LTIP Awards

The CGCN Committee administers the Equity Incentive Plan and makes recommendations to the Board with respect to all matters related to long term equity compensation. These matters include when long term incentives will be granted, the criterion on which such grants will be made and which officers and employees will receive such grants. While directors are eligible to receive compensation in the form of long term equity incentives, the Board does not determine such grants and they are recommended to the Board by the CGCN Committee.

To determine the total number of awards to be provided to the executives under the Equity Incentive Plan, the CGCN Committee took into account factors such as the percentage of the NEO's base salary. Once the total number of awards was determined, the CGCN Committee and Board approved the number of awards to be given to each executive for the 2018 financial year. In doing so, the CGCN Committee took into account factors such as the position of the executive in the Company, the contributions of the executive to our overall performance, the roles and responsibilities of the executive and the executives overall impact on the success achieved by their business unit in 2018.

The following table outlines the number of awards granted to the NEOs for the year ended December 31, 2018. The value of these awards is discussed under the heading "Compensation of the Named Executive Officers – Summary Compensation Table".

- (2) Effective June 26, 2018, Richard M. Wise ceased to be an SVP and the Interim CCO. Mr. Wise stayed on for a transition period until November 26, 2018. Equity Incentive Plan

Under the Equity Incentive Plan, we issue share-based, share denominated and other long term incentives to employees, independent directors and other individuals making sustained contributions to us. Currently, the number of issued and outstanding awards which are issuable pursuant to securities exercisable to acquire shares under the Equity Incentive Plan is 4,974,835. The number of shares issuable pursuant to the Equity Incentive Plan is a maximum of 10% of the total number of shares issued and outstanding at any given time (6% after giving effect to the Equity Plan Amendments). The number of securities issuable to our insiders under the Equity Incentive Plan, or any other security based compensation arrangement, shall be limited to 10% of our issued and outstanding securities. The Equity Incentive Plan permits the following award types:

- stock options ("**Options**");
- restricted share units ("**RSUs**"), including performance share units ("**PSUs**"); and
- deferred share units ("**DSUs**").

Aside from DSUs which vest upon cessation of employment, all future annual grants of long term incentive awards made under the Equity Incentive Plan will vest over multi-year periods for each grant to provide continual motivation for NEOs to deliver shareholder value over the long term while maintaining competitive total compensation opportunities to enable us to attract and retain talented executives. For more information on the vesting of awards, please see "Compensation of the Named Executive Officers – Equity Incentive Plan".

Options

Options are designed to retain and reward directors and key employees. In addition, Options are provided to key employees to motivate them to enhance shareholder value by providing them with compensation that is directly tied to increases in the market price of the shares. Options typically have a three year vesting term and commence

vesting one third on each anniversary date of the grant. The value for each grant of Options is calculated using the Live Bloomberg model based on the Black Scholes option valuation methodology. The Equity Incentive Plan prohibits the repricing of Options without shareholder approval. We have never repriced, or sought shareholder approval to reprice, our Options. No Options were granted to the directors in 2018 with the exception of Mr. Spaulding who was granted Options.

RSUs

RSUs are notional share-based awards that are designed to retain and recognize key employees who create shareholder value by providing payouts to such employees that are directly tied to share value. A key employee is awarded a fixed number of RSUs that typically vest over a three year term and commence vesting one third on each anniversary date of the grant and are redeemed for a combination of cash and/or shares. In 2018, RSUs were granted to the NEOs, however, no RSUs were granted to the directors.

PSUs

PSUs are notional share-based awards that are designed to retain and reward key employees who create shareholder value over a three year period. A key employee is awarded a fixed number of PSUs that cliff vest at the end of three years from the grant date. The performance criterion for PSUs is based 50% on total relative shareholder return as compared to the PSU Comparator Group over such three-year period and 50% on adjusted distributable cash flow per share relative to budget. The minimum threshold which must be achieved for an employee to receive credit for the Relative TSR performance metric is for TSR to be equal to, or greater than, the 25th percentile of our peer group with the maximum threshold being that the TSR is equal to, or greater than, the 75th percentile of our peer group. The threshold which must be achieved for adjusted distributable cash flow per share is a minimum of 80% of budget. PSUs were granted to all of the NEOs in 2018 with the exception of Mr. Wise.

The following table provides a breakdown of the performance criterion for PSUs:

PSU Performance Metric	Weighting	Threshold	Minimum	Target	Maximum
Relative TSR	50%	25%	0%	50%	100%
Adjusted Distributable Cash Flow	50%	80%	0%	50%	100%

DSUs

DSUs are notional share-based awards awarded to the directors, and in certain situations NEOs, that are designed to retain competent directors and NEOs and reward them for creating long term and sustainable shareholder value. DSUs have all of the same terms as RSUs with the exception that DSUs vest on the date the employee redeems such DSUs, such redemption date occurring only after the cessation of the participant's employment or directorship with us. Prior to certain amendments made to the Equity Incentive Plan on December 9, 2014, DSUs were recognized to vest immediately upon grant, however, such DSUs were not redeemable until after the cessation of the participant's employment or directorship.

Dividend Equivalent Rights

Under the terms of the Equity Incentive Plan, RSUs, PSUs and DSUs are eligible to receive dividend equivalent rights. If approved by the CGCN Committee, with respect to RSUs and PSUs, the unvested portion of such RSUs and PSUs accrue dividend equivalent rights and with respect to DSUs, DSUs accrue dividend equivalent rights prior to their redemption date.

Additional awards in respect of such dividend equivalent rights are (i) credited to the notional account of the holder, in the same award type as the underlying award they are associated with, on each date that we record a dividend;

or (ii) paid in cash on each date that we record a dividend. On such dividend record dates, the awards accrue dividend equivalent rights as applicable, which are then automatically re-invested for additional awards on the dividend payment date or paid in cash to the holder. On January 17, 2018, dividend equivalent rights were paid for RSUs, PSUs and DSUs in the same award type as the underlying award they were associated with. On April 17, 2018, July 17, 2018 and October 17, 2018, dividend equivalent rights were paid for DSUs in the form of DSUs and on April 17, 2018, July 17, 2018 and October 17, 2018, dividend equivalent rights were paid for RSUs and PSUs in cash to the holder.

Pension Plans and Benefits

Our Canadian employees are eligible to participate in a registered pension plan (the "**Pension Plan**"), a defined contribution pension plan to which certain contributions are made by the participant. In 2018, such contributions were permitted to range between 6% to 9% of base salary dependent on years of service. We match such participant contributions to the annual limit allowed by the Canada Revenue Agency. All of our Canadian resident NEOs participate in the Pension Plan.

Our Canadian employees are also eligible to participate in our Supplemental Non-Registered Savings Plan (the "**Executive NRSP**"), a non-registered savings plan that is intended to assist participants (restricted to designated executive employees) in accumulating additional savings toward retirement. The Executive NRSP is a non-tax-sheltered group employee savings plan, consisting of individual non-registered savings plans for members. The Executive NRSP is not a salary deferral arrangement, employee trust, employee benefit plan or retirement compensation arrangement, all as defined by the *Income Tax Act* (Canada). Our contributions are set at a gross amount of either 15% or 30% of base salary in each year, and the net after-tax amount is submitted directly to an account in the participant's name. In 2018, the Executive NRSP was amended to allow contributions to the Executive NRSP to be awarded in the form of DSUs ("**NSRP DSUs**") to participants rather than paid in cash. No withdrawals are permitted from this plan during employment, and the participant is entitled to the cash balance in the plan at retirement, termination of employment, or upon death to the participant's beneficiary. The Pension Plan and the Executive NRSP are both fully funded. All of our Canadian resident NEOs participate in the Executive NRSP.

Our United States employees are eligible to participate in a 401(k) plan (the "**401k Plan**"). Participants may contribute to both a traditional 401(k) plan with pre-tax dollars and a Roth 401(k) plan with after-tax dollars. Traditional 401(k) contributions grow tax deferred until withdrawn while Roth 401(k) contributions grow tax sheltered. Participants are able to contribute up to 5% of base salary, which is then matched by us up to the annual limit allowed by such plans. Employer contributions vest by 25% after each year of service until they become fully vested at 4 years of service.

We offer group life, health and dental insurance, paid time off and other benefits to the employees. The NEOs partake in such benefits. In addition, perquisites are also provided to the NEOs in the form of vehicle allowances, parking and club memberships.

Share Ownership Policy (Executive)

Upon the recommendation of the CGCN Committee, on December 6, 2011, the Board put into place a Share Ownership Policy for our executive officers to ensure that the interests of the executive officers are aligned with shareholder's interests. The Share Ownership Policy was developed by the CGCN Committee based upon their own knowledge and experience and recommendations from Mercer. To comply with the Share Ownership Policy, each NEO is expected to reach a minimum share ownership level within three years of becoming an executive. Our President and CEO is expected to reach a minimum share ownership level equal to five times his annual base salary and until the forgoing share ownership level is achieved, the executive is subject to additional post-vesting and holding requirements which prohibit him from selling shares. All SVPs are expected to reach a minimum share ownership level equal to three times their annual base salary and all VPs are expected to reach a minimum share ownership level equal to two times their annual base salary. As at March 28, 2019, 100% of the NEOs required by the Share Ownership Policy to be in compliance as of such date were in compliance. With the exception of Mr.

Atkins, who has until January 3, 2021 to meet the share ownership levels required, all of the NEOs exceed the Share Ownership Policy as of the date hereof. Equity held by the NEOs on March 28, 2019 that contributed towards share ownership requirements included shares owned directly or indirectly by such NEO and unredeemed DSUs.

The following table sets forth the ownership levels for the applicable NEOs as of March 28, 2019.

Name and Position	Minimum Share Ownership Requirement	Number of Securities Beneficially Owned or Controlled ⁽¹⁾	Total Value of Each Security ⁽²⁾	Total Value of all Securities ⁽²⁾	Approximate Value of Common Shares as a Multiple of Annual Base Salary
Steven R. Spaulding President and CEO	5 x base salary	101,141 shares 80,648 DSUs	\$2,332,311 \$1,859,743	\$4,192,054	5.5 times
Sean M. Brown SVP and CFO	3 x base salary	59,115 shares 7,013 DSUs	\$1,363,192 \$161,720	\$1,524,912	3.5 times

- (2) Value is based on the five day weighted average trading price of the shares on March 28, 2019, which was \$23.06.

Risk Management

In designing our overall compensation policies and programs, the CGCN Committee considered their risk implications to ensure that risk management was accurately reflected in the overall approach to compensation. As a result, our compensation principles and practices are designed to maintain an appropriate balance between risk and reward and encourage measured risk taking by executives. Two large components of compensation are base salary, a form of compensation that is not "at risk", and equity incentive awards, which are considered to be "at risk". This mix is designed to encourage executives to take measured risks that may have a positive impact on our performance while simultaneously providing adequate compensation to executives to discourage them from taking excessive or inappropriate risks and, accordingly, mitigate against such risks. In addition the CGCN Committee believes that our compensation policies and practices assist in the identification and mitigation of inappropriate or excessive risks:

- an annual review of total compensation and individual components by the CGCN Committee and the Board who are advised by independent third parties;
- the design of the compensation program, including a pay mix that is benchmarked relative to the market within the Comparator Group and variable weighting of short term and long term incentives; and
- a Share Ownership Policy that aligns executives with long term shareholder interests.

In addition, our Insider Trading Policy is robust as it applies to our shares as well as exchange-traded options or other derivative securities that are not issued by us but the value of which is derived from our securities.

Our Insider Trading Policy expressly prohibits a director or NEO from any and all forms of hedging or from completing any transactions to offset a decrease in market value of the shares granted as compensation.

On an annual basis, the CGCN Committee will continue to review our compensation practices with a view to mitigate unsafe risk taking activities and will make the necessary adjustments to maintain the appropriate balance between "at risk" and "not at risk" compensation. In its review of our compensation policies and practices, the CGCN Committee did not identify any risks that are reasonably likely to have a material adverse effect on us.

Performance Graph

The following graph shows the total cumulative return on a \$100 investment in shares made on December 31, 2013, compared to the cumulative total return of the S&P/TSX Composite Index and the S&P/TSX High Income Energy Index over the period beginning on December 31, 2013 and ending December 31, 2018, assuming reinvestment of all dividends.

S&P/TSX Energy	\$100	\$118	\$86	\$80	\$59	\$69	\$77	\$67	\$67	\$67	\$51

The Board and the CGCN Committee believe that our management, including the NEOs, have delivered solid value to shareholders over the past five years. During a period of significant volatility in commodity prices, our shares have outperformed the S&P/TSX Energy Index on a total return basis over a five year period ending December 31,

2018. We feel such outperformance was attributable to the successful execution of a growth strategy centered around expanding contracted tankage at Hardisty and Edmonton, growing stable cash flows from non-cyclical businesses and increasing the quarterly dividend paid to our shareholders. Starting in mid-year 2014, our share performance was impacted by a significant decrease in commodity prices and structural changes in North American crude oil and NGL markets that impacted our profitability. In 2018, we took significant steps to better position ourselves for future growth through comprehensive organizational changes, improvements in cost structure and commercial focus and the development and execution of a strategy focused on oil infrastructure and high quality cash flows to support and grow the dividend over time. The Board and the CGCN Committee are of the view that our management compensation levels remain appropriate and support our pay for performance culture.

Please see "Compensation of the Named Executive Officers – Incentive Plan Awards – Total Cost of Compensation to the NEOs" for a comparison of total Adjusted Management EBITDA to the total cost of compensation to our NEOs.

Notes:

- (1) Figure represents base salary earned during 2018, 2017 and 2016. If the NEO receives a salary adjustment, it is effective on or around April 1 of the year in which it is received.
- (2) Figure includes DSUs, RSUs and PSUs granted to NEOs in 2018. Figure also includes NSRP DSUs. Value shown is based on the fair market value as of the grant date. For Mr. Atkins, the amount disclosed includes a one time grant of RSUs that was provided to Mr. Atkins upon hire.
- (3) Figure represents Options granted in 2018 and 2017. No Options were granted in 2016. When granting option based awards, we first determine the award entitlement, and then use the Live Bloomberg model based on the Black Scholes option valuation

methodology to calculate the implied forward value during the life of the Option. We chose this valuation methodology as it represents a reasonable estimate of fair value of the award. However, our consolidated financial statements value Option based awards using the historical volatility within the Black Scholes model.

- (4) In accordance with the terms of the Equity Incentive Plan, the annual incentive compensation based on performance shall be made in cash or RSUs, as determined by the Board. The annual incentive compensation based on 2016 performance was paid in RSUs and the annual incentive compensation based on 2017 and 2018 performance was paid in cash. In addition, the terms of the Equity Incentive Plan provide for the deferral of a cash bonus payment into DSUs and in 2018, Mr. Wilson elected to defer 15% of his cash bonus to DSUs.
- (5) In 2018, 2017 and 2016 no long term non-equity compensation was granted to the NEOs.
- (6) Figure represents our annual contribution on behalf of the NEO under the registered Pension Plan or 401k Plan.
- (7) Represents our contributions in respect of the NEO's participation in the Executive NSRP and the Employee Share Ownership Program, the receipt of a President's Award and our funding of parking, executive health care programs, vehicle allowances and club memberships. Other than as disclosed herein, the value of other perquisites received by the NEOs, including property or other personal benefits provided to NEOs that are not generally available to all employees, were not, in the aggregate, either \$50,000 or greater or 10% or greater of the respective NEO's total salary for 2018, 2017 and 2016. For Mr. Wilson, the amount disclosed represents a President's Award of \$75,000 in 2018. For Mr. Wise, the amount disclosed represents amounts set forth in his Transition Agreement, including (i) a termination payment of \$1,589,530; and (ii) the grant of DSUs in connection with the full contribution of Mr. Wise's LTIP in the amount of \$390,263. The gross amount contributed under the Executive NSRP in 2018 was \$60,577 for Mr. Spaulding, \$32,308 for Mr. Brown, \$32,308 for Mr. Wise and \$24,231 for Mr. Wilson. As of April 1, 2018, the Executive NSRP contributions were granted as NSRP DSUs. The NSRP DSUs are included in share-based awards.
- (8) Effective June 26, 2018, Richard M. Wise ceased to be an SVP and the Interim CCO. Mr. Wise stayed on for a transition period until November 26, 2018. In 2018, in accordance with the Transition Agreement for Mr. Wise, the Board approved the grant of the full contribution towards Mr. Wise's 2018 LTIP as part of the Transition Agreement, such LTIP received in the form of DSUs only. The 2018 base salary for Mr. Wise represents a prorated portion based on the number of months in 2018 that Mr. Wise was employed by us. In addition, pursuant to the Transition Agreement for Mr. Wise, the Board approved the payment of a prorated annual bonus to Mr. Wise.

Total Cost of Compensation to the NEOs

The CGCN Committee tests our pay for performance methodology in a number of ways. One of those ways is the comparison of total Adjusted Management EBITDA to the total cost of compensation to our NEOs. The following table sets forth the relationship between our total Adjusted Management EBITDA, a key measurement used in our incentive compensation programs, and total NEO compensation in the last three years.

Year	Total Adjusted Management EBITDA ⁽¹⁾ (millions)	Total Cost of Compensation to NEOs ⁽²⁾ (millions)	Total NEO Compensation as a Percentage of Total Adjusted Management EBITDA
2018	\$445	\$13.31	2.99%
2017	\$277	\$12.40	4.48%
2016	\$278	\$7.64	2.75%

Equity Incentive Plan

In connection with the completion of the IPO and upon the approval of the TSX, we established a long term incentive plan pursuant to which we are able to issue share-based, share-denominated and other long term incentives. All officers, employees, non-employee directors and other individuals making sustained contributions to us are eligible to receive awards under the Equity Incentive Plan. The purpose of the Equity Incentive Plan is to encourage selected of our employees, officers, consultants and directors to acquire a proprietary interest in our growth and performance.

The Equity Incentive Plan replaced the option plan in place prior to the completion of the IPO. Currently, the number of issued and outstanding awards which are issuable pursuant to securities exercisable to acquire shares under the Equity Incentive Plan is 4,974,835. The types of awards available under the Equity Incentive Plan include Options, RSUs, PSUs and DSUs, the terms of which are described herein. Please see "Compensation Discussion and Analysis – Long Term Equity Incentives – Equity Incentive Plan". The Equity Incentive Plan is administered by the CGCN Committee and, in turn, the Board.

When granting awards under the Equity Incentive Plan, the CGCN Committee will recommend to the Board, and, in turn, the Board will fix, the number of shares, exercise price, vesting provisions and expiry date for all award grants, with the exception that the term of all Option grants shall not exceed a period of seven years. The current practice of the Board in granting: (i) Options and RSUs is to provide for vesting that occurs over a three-year period, commencing on the first anniversary date of the grant; (ii) PSUs is to provide for a three-year term with vesting that occurs at the end of a three-year period, commencing on the date of the grant; and (iii) DSUs is to provide for the

vesting date being the date that the director or officer has ceased to hold directorship or employment with us, and exercise date being the vesting date or as late as December 15 of the following calendar year. Although vesting generally occurs over a three-year period, should a participant cease to be our employee or officer as a result of termination without just cause, or as a result of the participant's death, disability or retirement, a pro rata portion of all unvested awards, with the exception of DSUs, shall become vested awards on the date of such event based on the number of full months during the vesting period that the participant was actively employed by us or an affiliate versus the number of full months in the vesting period.

The exercise price of an Option shall be no less than the volume weighted average trading price of the shares on the TSX for the five trading days immediately preceding the date of the grant of the Option. On March 4, 2019, upon the recommendation of the CGCN Committee and as part of the Equity Plan Amendments, the Board approved an amendment to the Equity Incentive Plan to provide for a double trigger upon a change of control. The Equity Incentive Plan was amended to provide that: (i) in the event of a change of control, the surviving, successor or acquiring entity shall assume any or all outstanding awards or shall substitute similar awards for any or all of the outstanding awards on the same terms and conditions as the outstanding awards; (ii) if within twenty-four months of the change of control, a participant's service, consulting arrangement or employment with the corporation, an affiliate or the surviving, successor or acquiring entity is terminated without cause or the participant resigns from their position for good reason, the vesting of all awards then held by such participant will be accelerated in full; (iii) if the surviving, successor or acquiring entity fails to comply with (i) above, the vesting of all outstanding awards will be accelerated in full with effect immediately prior to the occurrence of the change of control and the participant shall be entitled to conditionally redeem any or all of the remaining awards effective immediately prior to the change of control transaction.

Subject to the terms of any particular award, if a participant shall cease to be an officer or employee as a result of termination for just cause or resignation, all vested awards shall remain exercisable for a period of thirty days from the date of such event. If the participant shall cease to be an officer or employee as a result of termination without just cause, or as a result of the participant's death, disability or retirement, all vested Options shall remain exercisable for a period of 12 months from the date of such event. At the end of such 12-month period, all Options not exercised will become null and void. All other vested awards shall remain exercisable for a period of 12 months from the date of such event. The assignment or transfer of any award shall not be permitted other than by will, by law or by the designation of a beneficiary by such participant.

The Equity Incentive Plan limits the number of shares underlying or relating to awards that may be issued within a calendar year to any one participant to 2.5% of the issued and outstanding shares and to directors who are not officers or employees to 1% of the issued and outstanding shares. On March 1, 2016, upon the recommendation of the CGCN Committee, the Board approved various amendments to the Equity Incentive Plan to provide that directors who are not officers or employees are also limited to receiving not more than \$100,000 worth of Options within any one year period and not more than \$150,000 worth of awards within any one year period. These amendments were of a "housekeeping" nature and, as such, shareholder approval was not required. In 2017, there were no amendments made to the Equity Incentive Plan. The Equity Incentive Plan also provides that the number of securities issuable to our insiders under the Equity Incentive Plan, or any other security based compensation arrangement, shall be limited to 10% of our issued and outstanding securities at any time and shall be limited to 5% of our issued and outstanding securities within any one year period. If the Equity Plan Resolution is passed at the Meeting, the number of securities issuable to our insiders under the Equity Incentive Plan, or any other security based compensation arrangement, shall be limited to 5% of our issued and outstanding securities.

Currently, DSUs, RSUs, PSUs and Options have been the only forms of awards exercisable by participants since the introduction of the Equity Incentive Plan. As at the end of our last fiscal year, there were 4,316,216 awards outstanding under the Equity Incentive Plan, representing 2.99% of our shares then issued and outstanding, and 10,139,663 awards remained available for grant, representing 7.01% of our shares then issued and outstanding. After giving effect to the Equity Plan Amendments, 3,741,019 awards remained available for grant, representing 2.6% of our shares then issued and outstanding.

The annual burn rates under the Equity Incentive Plan for the fiscal years ended 2016, 2017 and 2018 are 1.4%, 2.1% and 1.2%, respectively. The annual burn rate is calculated as (x) the number of securities (i.e., DSUs, RSUs, PSUs and Options) granted thereunder during the applicable fiscal year, divided by (y) the weighted average number of shares outstanding for the applicable fiscal year, calculated in accordance with the CPA Canada Handbook. Under the Equity Incentive Plan, no award, or right under such award, may be assigned, alienated, pledged, attached, sold or otherwise transferred by a participant except for by will, by the laws of descent or by the designation of a beneficiary by the participant.

The Equity Incentive Plan includes a "cashless" exercise feature whereby a participant may elect to sell all or any portion of the shares underlying an Option in order to satisfy the exercise price payable in connection with such Option exercise. Once a participant completes the transaction using our third party administrator, such administrator will deliver us written notification identifying the number of shares in respect of which the Option is being exercised and providing instructions to deliver such shares to a broker selected by the participant. The participant can choose a cashless exercise or pay us the exercise price.

The Equity Incentive Plan specifies certain types of amendments which may, subject to applicable laws and regulatory approval, be made without shareholder approval, including amendments to the Equity Incentive Plan and to an award granted thereunder. The amendment provision in the Equity Incentive Plan contemplates that amendments of a "housekeeping" nature may be made, as well as any other amendments, provided that such amendment does not impair the rights of any participant or holder or beneficiary of any award previously granted. However, notwithstanding any other provision of the Equity Incentive Plan or any award agreement, without the approval of the shareholders, no amendment, can be made that would: (i) increase the total number of shares available for awards under the Equity Incentive Plan; (ii) reduce the exercise price or extend the term of any award; (iii) otherwise cause the Equity Incentive Plan to cease to comply with any tax or regulatory requirement, including for these purposes any approval or other requirement; (iv) cancel, or have the effect of cancelling, any awards and concurrently reissuing on different terms; (v) remove or exceed the insider participation limits set forth in the Equity Incentive Plan; (vi) increase limits imposed on the participation of directors that are not officers or employees; (vii) amend, or have the effect of amending, the amending provision; (viii) modify or amend the provisions of the Equity Incentive Plan in any manner which would permit awards, including those previously granted, to be transferable or assignable in a manner not otherwise provided for in the Equity Incentive Plan; and (ix) change the eligible participants under the Equity Incentive Plan which would have the potential of broadening or increasing insider participation.

The amending provision also provides that amendments to the Equity Incentive Plan that do not require shareholder approval including changes to the termination provisions of awards which do not entail an extension beyond the original expiry date.

The following table provides information with respect to the Equity Incentive Plan as at December 31, 2018:

After giving effect to the Equity Plan Amendments, such reserve shall be decreased such that the maximum number of common shares reserved for issuance under the Equity Incentive Plan shall be equal to 6% of the issued and outstanding common shares.

Dilution under the Equity Incentive Plan

We believe that a key component of delivering value to our shareholders is the responsible management of our Equity Incentive Plan and we are committed to ensuring that our Options and other awards are not excessively dilutive. The following table sets forth the number of Options and other awards granted in 2018 as a percentage of shares outstanding as well as the total number of Options and other awards outstanding at December 31, 2018 as a percentage of shares outstanding. The large number of awards remaining in the reserve approved by the shareholders, reflected below, demonstrates the commitment of the CGCN Committee to the responsible management of available awards and to the alignment of the interests of the Board, management and employees with our shareholders with only moderate dilution.

- (2) Commencing on April 1, 2018, we elected to grant participants in the Executive NSRP the contribution made by us in NSRP DSUs. Amounts contained within this table include the value of such DSUs based on the fair market value of the grant as of the grant date.
- (3) Mr. Atkins, our resident U.S. NEO, is not eligible to participate in the Executive NSRP and currently does not participate in any plans of a similar nature.
- (4) On August 13, 2018, Mr. Wilson made a withdrawal from his Executive NSRP of \$200,000. Such funds were transferred into common shares held in another NSRP account.

Termination and Change of Control Benefits

Except as described below, we have not entered into any contract, agreement, plan or arrangement that provides for payments to an NEO at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control or a change in an NEO's responsibilities.

Each of our NEOs has an employment contract in place that sets out the principal terms of their employment relationship with us. These agreements also describe termination and change of control benefits. In the event of voluntary termination, death or permanent disability and termination for just cause, the following will apply:

Voluntary Termination

In the event of voluntary termination, no severance is paid, and remuneration of the NEO will remain unchanged during the notice period. Payment will be made in lieu of any unused accrued vacation up to the last day of work of the NEO. In the event that an NEO elects to resign at a point in time that a bonus has been declared to be payable but remains unpaid, that bonus will nonetheless be paid to the NEO when due. If, however, no bonus has been declared at the time of resignation, the NEO will not be entitled to receive any bonus. In the case of the retirement of an NEO, the NEO will be entitled to receive reasonable retirement benefits generally consistent with those provided by us to senior executives in accordance with the plans and policies in effect at the time of retirement.

Death or Disability

In the event of an NEO's death or permanent disability, regular remuneration and any outstanding accrued vacation up to the date of termination will be paid to the NEO or the NEO's estate as appropriate. In the event that the death or disability occurs at a point in time that a bonus has been declared to be payable but remains unpaid, that bonus will nonetheless be paid to the estate when due. If however no bonus has been declared at the time of death or disability, the estate will not be entitled to receive any bonus.

Termination for Just Cause

If we terminate an NEO's employment for just cause, no severance will be paid, and all other forms of unvested compensation payable to the NEO will terminate on the date of termination.

Involuntary Termination

Each of our NEOs has entered into an employment agreement that details the severance payments that will be paid for termination without cause or on a change of control. In order for any severance payments to be payable to any of our NEO's on a change of control, the following events must occur (collectively, a "**Double Trigger Event**"):

- (i) there must be a change of control which is defined as:
 - (a) the acquisition by any means whatsoever, in one transaction or a series of transactions, by any person or by a group of persons acting jointly or in concert, of that number of our shares which is equal to or greater than fifty percent (50%) of the total issued and outstanding shares immediately after such acquisition, but excluding any issue or sale of our shares to an investment dealer or group of investment dealers as underwriters for distribution to the public either by way of prospectus or private placement;
 - (b) the sale or disposition by us of our shares, which is equal to or greater than fifty percent (50%) of the total issued and outstanding shares immediately after such sale or disposition, but excluding (a) the sale or disposition to our affiliate or (b) any other internal reorganization by us or our respective affiliates;
 - (c) the sale or disposition of all of substantially all of our assets, but excluding (a) the sale or disposition to our affiliate, or (b) any other internal reorganization by us or our respective affiliates;
 - (d) the election at a meeting of our shareholders of that number of persons which would represent a majority of the Board, as directors who were not included in the slate for election as directors proposed to our shareholders by us, or the appointment as directors of that number of persons which would represent a majority of the Board, nominated by any holder of our shares or by any group of holders of our shares acting jointly or in concert; or

(e) the completion of any transaction or the first of a series of transactions which would have the same or similar effect as any transaction or series of transactions referred to in sections (a), (b), (c) or (d) above; and

(ii) other than for just cause, disability or death, the NEO must be terminated (including by way of constructive dismissal) following the change of control.
