7. Approval of Audit and Permitted Non-Audit Services Provided by the External Auditors

- (a) Over the course of any year there will be two levels of approvals that will be provided. The first is the existing annual Committee approval of the audit engagement and identifiable permitted non-audit services for the coming year. The second is in-year Committee pre-approvals of proposed audit and permitted non-audit services as they arise.
- (b) Any proposed audit and permitted non-audit services to be provided by the external auditors to the Company or its subsidiaries must receive prior approval from the Committee. The Chief Financial Officer of the Company shall act as the primary contact to receive and assess any proposed engagements from the external auditors.
- (c) The Committee is also authorized to approve non-audit services that may be provided by a party that is not the external auditors. Examples may be a quarterly review or consulting advice relating to the quarterly financial statements (which the Committee may approve without committing the Company to have a quarterly review of the financial statements on an ongoing basis), tax advice and tax consulting services, or any other consulting services that the Committee determines that it will obtain from any party that is not the external auditors.
- (d) Following receipt and initial review for eligibility by the primary contacts, a proposal would then be forwarded to the Committee for review and confirmation that a proposed engagement is permitted.
- (e) In the majority of such instances, proposals may be received and considered by the Chair (or such other member of the Committee who may be delegated authority to approve audit and permitted non-audit services), for approval of the proposal on behalf of the Committee. The Chair will then inform the Committee of any approvals granted at the next scheduled meeting.

- (b) the external auditors are responsible for performing an audit of the Company's annual financial statements, expressing an opinion as to the conformity of such annual financial statements with GAAP, and reviewing the Company's quarterly financial statements;
- (c) it is not the responsibility of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosure are complete and accurate or that they were prepared in accordance with GAAP or any other applicable laws, rules and regulations;
- (d) each member of the Committee shall be entitled to rely on the integrity of those persons within the Company and the integrity of the professionals and experts (including the Company's internal auditor (or others responsible for the internal audit function, including contracted non-employee or audit or accounting firms engaged to provide internal audit services), if any, and the Company's external auditors) from which the Committee receives information and, absent actual knowledge to the contrary, the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts; and
- (e) auditing literature discusses the objectives of a "review", including a particular set of required procedures to be undertaken by external auditors. The members of the Committee are not independent auditors, and the term "review" as used in this Charter is not intended to have that meaning and should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing reviews of financial statements.
